T. R.'S NEW PUNCH

Will Display It Tonight in New York City Speech.

Roosevelt Addresses Crowd and 3,000 Overflow in Cleveland.

Aboard Roosevelt Train, Buffalo, N. Y., Nov. 3.—Colonel Roosevelt today promised "an entirely new speech with a kick in it," when he appears at Cooper Union in New York tonight. His theme will be Americanism with a heretofore untouched angle. As usual, he will preface his prepared address with more verbal riffs at President Wilson's foreign and Mexican policies, and at his "fine words." He had prepared a speech on Americanism and industrialism for Cleveland last night where he spoke to 4,000 at the Armory and to 5,000 more who gathered in the rotunda of the city hall as an overflow, but the speech of President Wilson at Buffalo Wednesday night into an introductory ex-temperance talk that took up most of his time at the former place. He used most of his industrial topic at the city hall overflow.

At the Armory meeting, Roosevelt was particularly denunciatory in his criticism of President Wilson, Bryan and Secretary Baker. He scored the president for "speaking of me always in the evasive third person plural."

"Why doesn't he name me?" he declared in his falsetto. "Is he too timid?"

KOENIG'S MEN IN FIGHT

Report Deutschland Sailors Stab Waiter Over Attention to Girl.

New London, Conn., Nov. 3.—Unless they succeed in rounding up two men said to be sailors from the German subsea freighter Deutschland, involved in a stabbing affair early today, the local police probably will demand that Captain Koenig investigate and turn them over.

According to the authorities one of the sailors forced his attentions on a girl in a restaurant and when a waiter intervened the latter was stabbed in the arm with a pocketknife. Both men hurried away and the police search of the Wilhelmshafen, mother ship for the Deutschland, was unavailing. The Deutschland cargo will be speedily unloaded and the work of loading will be hastened.

CLOSE SCHOOL ROOMS

Hutchinson Can't Fill Places of Members of Teachers' Association.

Hutchinson, Kan., Nov. 3.—There will be a large representation of the Hutchinson teachers at the meeting of the Kansas State Teachers' association, to be held in Topeka next week, on Thursday, Friday and Saturday. Superintendent J. O. Hall sent in 120 enrollments, all of the teachers enrolling in the association for another year, whether they attend the convention or not.

The teachers of the high school will leave on Tuesday night (afternoon) for Kansas City, and will visit the schools there on Wednesday. They will make the trip in a special car. A number of the grade school teachers will attend or part of the time, and since there are not enough substitute teachers to fill all of the vacancies, there will be no school in part of the rooms during the convention.

SHOT IN EYE WITH ARROW

Norton Boy May Be Blinded as Result of Bow Shooting Craze.

Norton, Kan., Nov. 3.—Paul Vermillion may lose the sight of one eye as a result of a recent craze among the youngsters for shooting with bow and arrow. The boys were shooting into an empty house and retrieving the arrows, and just as young Vermillion started out the door with a handful of darts, another boy let fly at the door and the arrow struck Vermillion square in the left eye, inflicting a serious wound.

BREAKS 45 YEARS RECORD

Valley Falls Company Pays \$100 Each for Three Loads of Wheat.

Valley Falls, Kan., Nov. 3.—B. C. Ragan of the Ragan Grain company, Valley Falls, who has been in the grain business for forty-five years, says that he never before paid \$100 for a load of wheat, until the other day when he bought three loads that averaged over \$100.

The first load was brought in by Clem Mormon. It weighed in at \$97.85. The second load was hauled in by Anton Stein. It called for a check for \$101.44. It was the first \$100 load of wheat, without top side boards too, that Mr. Ragan had ever bought.

The third load came from Melvin Stafford. It took for premium, calling for a check for \$104.70. The average value of the three loads was \$101.33. The wheat graded 60, and sold for \$1.50.

STOP FOOD SPECULATION

Benson Predicts Starvation This Winter in Speech at Hutchinson.

Hutchinson, Kan., Nov. 3.—Allan L. Benson, Socialist candidate for president in an address here Thursday night, predicted intense suffering and starvation this winter unless the government "forces food speculators to surrender their grip on the nation's food supply."

"If I were president of the United States I would stop the stripping of this country of food if I had to use the navy to blockade our own ports. And I would keep the navy there until there were no more hungry women and children in this so-called prosperous land."

"As the cost of necessities of life advance, wages do not advance in proportion and we find the scale of living of the working man of our country becoming lower as the prosperity of the favored classes mount higher."

STUDENTS HELP IN SEARCH

Country Around Lawrence Searched in Hunt for Missing Woman.

Lawrence, Kan., Nov. 3.—Searching parties are continuing their quest for the missing woman, who disappeared from the Lawrence country last night. The search is being conducted by a party of students, many of them from Professor Cochran's classes. Boy scouts continued their search in the city while several groups of Indians from the Haskell institute went over the country south of Lawrence for several miles without avail.

KILLS SELF ON WAY TO JAIL

While Officers Waited Alleged Forger Drank Poison in Drug Store.

Parsons, Kan., Nov. 3.—While officers waited outside a drug store here for Cleon Womeldorf, 20 years old, under arrest on a forged charge, the prisoner, who had entered the store on the pretext of getting a drink, purchased poison and drank it. He died soon afterward. The youth was on his way to jail, following default of bond, today.

NO KANSAS COMPETITION

Fifteen Arkansas City Beaux Escorted From Oklahoma Town.

Arkansas City, Kan., Nov. 3.—Fifteen "Beau Brommels" of this city were literally taken by the ear and escorted to the railroad station at Newkirk, Okla., by an irate crowd of young men of large proportions, who objected to this infringement upon "community interests." They were held there under guard until the first train to Arkansas City, whereupon they were put aboard.

BAGHDIGIAN HERE

Well Known Armenian Lecturing for "Kansas Farmer" Over State.

"The Most Tragic Story in Human History" is the subject of a lecture to be delivered in various Kansas towns by Baghdigian K. Baghdigian, an Armenian, under the auspices of the Rural Social Life department of the Kansas Farmer—a new department in charge of Miss Cecelia Hall. George C. Wheeler, managing editor, will present the lecture, "The Animal and the Man."

Miss Hall has succeeded in stirring up unusual interest in the work of her department. She herself pays particular attention to the planning of pageants and community exhibits of various sorts. At Lewistown recently she assisted in the production of a local talent play depicting pioneer days in Kansas. The action was of the swift, catchy kind and was built up around actual characters of the old days.

So much enthusiasm was aroused for the annual Farm, Home and School Fair festival held in Mankato, Jewell county, that more than fifty schools participated in exhibits. The festival occupied three days, closing Saturday. Speakers were procured from outside to address the crowd on practical topics. Notable among the speakers was Henry Jackson Waters, president of the Kansas State Agricultural college at Manhattan.

AT ONCE! STOPS INDIGESTION, GAS, STOMACH MISERY

"Pape's Diapepsin" makes sick, sour, upset stomachs feel fine.

Neutralizes acids in stomach, starts digestion and gives relief.

If you had some Diapepsin handy and would take a little now your stomach distress, indigestion, would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat. It overcomes a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Take this Pape's Diapepsin for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or indigestion. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin regulates out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Belief in five minutes from all stomach misery is at any drugstore waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly overcome any case of dyspepsia, indigestion or any other stomach disturbance.—Advertisement.

Character—In Suits, Coats and Dresses

Character is a dominant feature of all the new styles shown at this store.

Character in material—character in workmanship—character in finish and above all—character in design, the one thing that is so essential to the creation of fashions of individuality.

Real artists have guided the shears and needles that have been the needful means of producing the masterful garments we show, and which are every day being chosen from us so enthusiastically.

The woman or miss needing a suit, coat or dress is unjust to her own interest, should she purchase without a look and a try-on at Crosby's.

The selections are varied and moderate enough in price to suit every woman's expectation.

Two Kinds of Shoes You Can Buy For a Boy

A Woman Looks Well If Her Hat Is Becoming

Our milliners always endeavor to insist on becomingness as well as style in a hat. Years of experience have taught them that nothing will mar one's appearance so much as a hat that is not becoming.

And by this we mean that a hat should be becoming from all angles—from the back and sides as well as the front.

We never have had so many cleverly styled hats in the store before—never so much individuality displayed in the designing and never more moderate prices.

News of Importance for Furniture Buyers!

It isn't price alone that counts in furniture, though that is important. It is material, workmanship, finish and service as well. When all of these are combined as we combine them here and yet hold the price within moderate limits, it is not strange that we make new and lasting friends for the Furniture Department every day.
